From

The Thakore of Tharad.

To,

Major J. W. B. Merewether,

Political Agent, Palanpur.

SIR,

I have the honour to submit the annual Administration Report of my State for the year ending 31st March 1911.

CHAPTER I.

General and Political:—The area of the State is 940 square miles and population (according to the present census) is 54711 souls.

GROSS REVENUE Rs. 80000/-

1. My father the late Thakore Abhesingji Khengarsingji died on 2nd September 1910 and I Thakore Dolatsingji Abhesingji succeeded to the Gadi and was installed by your predecessor Lt. Colonel H. D. Merewether on the 24th January 1911. I have three sons, named Bhimsingji, Kesharishingji and Partapsingji, my fourth son a baby mentioned in the last year's report has died on the 30th January 1911. I have a younger brother Kumar Shri Raisingji.

2. Lt. Colonel H. D. Merewether had arrived here on 22nd January 1911 accompanied by Major T. A. F. R. Oldfield, the Assistant Political Agent and stayed here till the 31st January. During the course of this he installed me on my ancestral gadi and gave me very sound and valuable advice and I deem it my duty to express my sincere gratefulness for the interest taken by him in the welfare of my State.

3. Mr. Mohanlal Pitamber Mehta B. A. LL. B. of the Bombay University and an inhabitant of Palanpur did the duties of the Karbhari of the State upto the beginning of March when he was obliged to proceed on leave on account of ill health and his work was entrusted to the State Sir Nyayadhish Mr. Purshotamrai Bhavanishanker in addition to his own for the remaining period of the year.

I myself was performing the duties of the Superintendent of Police during the lifetime of my father, but as I succeeded my father on the Gadi of the State the work is carried on in the Karbhari Office.

There was no other change in the personnel of the State officials worth mentioning.

CHAPTER II.

Land Administration.

4. Bhagbatai system still prevails in the State except in Tharad itself as State's right in the land wherein the cultivators have to pay half a rupee per each Bavta (five Bighas) of land in addition to a sixth share of the produce in kind.

5. The Vighotee system was applied to all the fields of the Tharad town. This system has till now worked well. The cultivators of the villages are still under the impression that the Bhagbatai system is preferable, but when they have seen the advantages of the Vighotee system they are likely to accept the same.

6. The outturn of crops during the year under report was about 11 annas in a rupee. The condition of the agricultural classes in general continues to be fair and no remission or suspension of revenue was required.

7. *Legislation* :—The civil and criminal laws in force in British India are mostly followed in this State.

8. *Police* :—17 Sowars and 47 footmen were maintained in the year under report as against the same number in the preceding year. The Sowars are armed with rifles, swords and lances while the footmen are given rifles with bayonets. Cotton as well as woollen uniform dress is supplied to them from the Police Dress-fund. The total cost of maintaining the police was Rs. 8346/ as against the same amount during the preceding year.

9. *Village Police* :—The above mentioned regular police is assisted by the village police maintained from the village police fund. One village police Patel is engaged for every group of 5 or 6 villages and from 2 to 4 Chokiats are entertained in each village according to population. These Chokiats perform the duties of watching their respective villages at nights and, with the police Patels, help the regular police in the work of prevention and detection of crimes. The police Patels also keep registers of arms and also of births and deaths in the villages in their charge.

10. *Training the police.* Out of 64 men of the regular police, 18 men know how to read and write and 23 are learning to do so. They also receive training in drill and marksmanship.

11. A reference to appendices V and VI will show that the working of the police continues to be satisfactory. The number of offences reported to the police in the year under report was 73 against 102 in the preceding year and the number of persons arrested was 72 against 129 in the preceding year. The percentage of persons convicted to persons arrested was 42.7 against 72.17 in the preceding year vide App. V. The amount of property stolen was Rs. 2836-9-0 against 2331-6-0 in the preceding year and the percentage of property stolen to that recovered was 63.2 against 44.2 in the preceding year.

12. *Criminal Justice* :—The State Sirnyayadhish or the District Magistrate exercised the powers of a District Magistrate in all the villages under the State. The Morvada and Tarva Tehesildars and the Talukdar of Bhorol exercised the powers of a 3rd class Magistrate within their respective circles. Appeals against their decisions are heard by the State Hazur Court.

13. The total number of criminal cases came on the files of all the above mentioned courts during the year under report, including the balances of the previous year was 146 against 162 in the preceding year, out of which 139 cases were decided in the year under report leaving 7 cases in balance at the end of the year. The total number of criminal appeals filed in the year under report including the balance at the close of the previous year was 6 against 9 in the year preceding, out of which 4 appeals were decided during the year under report, leaving 2 appeals in balance at the close of the year.

14. *Civil Justice* :—The State Sirnyayadhish exercises all the original jurisdiction of the State, i. e. for suits upto the value of Rs. 10000/- The Tehsildars of Morwada and Tarva and the Bhorol Talukdar hear suits upto the value of Rs. 250/- in the villages under them.

Appeals against the decisions of these tribunals are heard by the State Hazur Court.

15. The total number of civil cases filed during the year under report, including the balance from last year was 278 as against 301 in the preceding year. Out of this number 218 were decided leaving a balance of 60 cases at the close of the year as against 37 left in balance at the end of the preceding year. The average duration of the suits was 2 months and 9 days against 3 Months and 1 day in the preceding year. The total value of suits filed amounted to Rs. 27512-11-9 against Rs.

30918-7-5 in the preceding year (vide app. X). There were 49 applications for execution of decrees in balance at the beginning of the year and 266 new applications were filed during the year under report making a total of 315. Out of these 275 were disposed of during the year leaving 40 in balance at the end of the year (App. XI.)

The total number of civil appeals filed during the year including the balance from the previous year was 36 out of which 10 appeals were decided during the year under report leaving 26 at the end of the year.

16. *Extradition* :—Reciprocity has been duly observed in the matter.

17. *Prisons* :—There is one jail at Tharad and 3 lock-ups at Morwada, Tarva and Bhorole, one at each place. The number of prisoners in jail and the lock-ups at the end of the year was 13, and 63 prisoners were admitted during the year under report. The daily average of prisoners was $8\frac{18}{365}$ against $16\frac{54}{365}$ in the preceding year. The total cost of feeding the prisoners was Rs. 241-10-3 exclusively of maintenance charges of the State's prisoners who are undergoing punishments in the Andamans and the Lunatic asylum at Ahmedabad. The health of the prisoners remained good.

18. *Registration* :—The total number of documents registered was 13 as against 20 in the preceding year. The value of the documents registered was Rs. 4708 as against Rs. 12960-8-0 in the preceding year. Of the documents registered, 7 were deeds of mortgage & 6 sale deeds.

CHAPTER III.

Production and Distribution.

19. *Weather, crops and rainfall* :—The total amount of rainfall was 16 in. 22 cents as against 22 in. 49 cents in the preceding year. Want of rain was felt in the last part of the monsoon which affected the crops to a certain extent and consequently the outturn of crops amounted to 11 annas in a rupee as against 10 annas in the preceding year.

20. *Prices of food grains, wages and labour* :—The prices of food grains remained normal throughout the year. The earnings of unskilled labourers were about 3 annas per diem.

21. *Trade* :—The chief exports were Grain, Ghee, wool, hyde, and bullocks and the chief imports are sugar, treacle, spices and piccegoods. Trade remained in normal conditions.

22. *Post Offices* :—There are 2 branch post offices one at Tharad and the other at Morwada.

23. *General condition of the State and its ryots*:—Though the harvest during the year and the preceding years was far from satisfactory and though the State revenue had suffered by it and to add to it the State had to bear the unforeseen expenses due to the illness of the late Thakore Sahib and his demise, yet it is gratifying to note that the State was able to maintain the slow but steady progress towards improvement of its pecuniary condition and was able to repay Rs. 15000, towards Government debt. The condition of the agricultural as well as trading communities in the State continues to be fair.

24. *Public health*:—There has been no epidemic during the year and the health of the people was fairly good. The birth rate per thousand was 28·3 against 30·5 in the preceding year while the death rate was 14·7 against 14 in the preceding year. The Police Patels keep register of births and deaths according to the prescribed form. This system is well regulated and properly supervised.

25. *Agricultural stock*:—The agricultural stock was in good condition and though foot and mouth disease had appeared in some villages it was not in an epidemic form and has not claimed many victims during the year under report. Bullocks, Cows and She-buffaloes registered during the cattle census of the year under report amounted to 12538, 11335 and 7896 as against 12889, 9265 and 6464 respectively in the preceding year. The steady increase in the number of cattle indicates that the condition of the agricultural classes is slowly and steadily improving.

CHAPTER IV.

Revenue and Finance.

26. These four years have not been normal as regards outturn of crops and consequently the land revenue has been much in defect of normal. The land revenue for the year under report has been Rs. 26553-4-6 as against 24824-7-0 for the year preceding it.

27. The total gross revenue of the State exclusive of that of the Jagir, Jivai and Inami villages was Rs. 71722-11-1 against Rs. 67999-0-7 in the preceding year.

28. The total expenditure of the year exclusive of the amount paid towards debts was Rs. 59944-11-11 as against Rs. 55603-0-1 in the preceding year. The above amount includes the sum of Rs. 3975-14-7 incurred on account of the illness and death of the late Thakore Sahib.

29. The Government debt incurred by the State for famine and administrative purposes is being paid off in instalments which run up to 14-1915. Rs. 15000/- were paid towards it during the year under

report. It will be seen that though unforeseen events have occurred necessitating heavy expenses the State has tried its utmost to pay as much as it could possibly do.

30. The financial condition of the State is steadily improving and it is hoped that the debt now remaining to be paid will be paid off in a few years.

CHAPTER V.

31. *Medical Department* :—There is one Dispensary in the State called the Tharad Victoria Jubilee dispensary. The total number of patients treated was 1409 against 1384 in the preceding year (App. XXIII). The total number of births in the year under report was 1549 as against 1496 in the preceding year and the total number of deaths was 804 against 675 in the preceding year (App. XXIV).

32. There is a vernacular school and girl school at Tharad and there are 5 other schools at Morwada, Uchosan, Bhorol, Dooa and Madka. The total number of boys attending the school was 287 against 263 in the preceding year and the average daily attendance was 195 against 179 in the preceding year.

CHAPTER VI.

Miscellaneous.

33. *Conclusion*:—The outturn during these four years has been below the normal and consequently the State income has also gone down. In spite of this the State has tried to make a substantial decrease in its debt in addition to meeting the unforeseen expenses along with ordinary administrative charges. The condition of the people continue to be fair and the steady increase in the number of agricultural stock indicates prosperity of the cultivating classes.

Tharad;

22nd July 1911.

Karbhari, Tharad State.

I have the honour to be

Sir,

Your most obedient servant

Solatsingh
CHIEF OF THARAD.

APPENDIX I.

APPENDIX XXV.

Particulars as to the schools maintained by the Tharad State, for the year 1910-11.

[illegible]

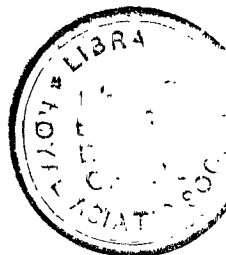

From

The Thakore of Tharad.

To,

Colonel H. D. Merewether,

Political Agent, Palanpur.

SIR,

I have the honour to submit the annual Administration Report of the Tharad State for the year ending 31st March 1912.

CHAPTER I.

General and Political—The area of the State is 940 square miles and its population according to the last census, is 54711 souls.

GROSS REVENUE Rs. 80,000.

1. I Thakore Dolatsinhji Abhesinhji am now 31 years of age and belong to the Vaghela clan of Rajputs. My family has marriage connections with the Chiefs of Kathiawad and their cadets and the Rajput Jagirdars under Marwar. I have three sons Bhimsinhji, Kesharisinhji and Bhagvatsinhji. The eldest Bhimsinhji, the heir apparent has been sent to the Rajkumar College Rajkot, for being educated, in the year under report and the 2nd son Kesharisinhji to Sadra Girasia School this year.

2. The most important event of the year is the coronation of His most Gracious Imperial Majesty King George V. Emperor of India. Permission was graciously granted to me by the Benign Government to present a congratulatory address to His Most Gracious Majesty the King Emperor on the occasion of His Majesty's Coronation in London in June 1911 and it was most loyally and humbly presented. The most auspicious occasion of their most Gracious Majesty's Proclamation of Coronation at the Delhi Darbar on the 12th of December last was very fittingly celebrated here at Tharad. The District Deputy Assistant Political Agent came here on the occasion to take part in the ceremonies and did me the favour of reading the Royal Proclamation in English in a meeting held in a shamiana for the purpose in the Darbargadh and attended by all my cadets, leading Jagirdars under the State, State officials and gentlemen of the town and its Gujarati translation was read by my Karbhari and then speeches were delivered dwelling particularly on the blessings of this

most Benign rule and the duty of all to be loyal to the throne. Prizes, medals and a dinner party were given to the students and girls of schools and sweet dinner, clothes, and grain were given to the poor of the town and the villages. Illuminations were made at night in the town and fire-works were displayed in the Darbargadh.

3. Lieutenant Colonel H. D. Merewether, Political Agent Palanpur, in the course of his winter tour in the Agency did me the favour of staying at Tharad on the 3rd, 4th, 5th, and 7th of January 1912. The learned Political Agent Palanpur has always favoured me with his valuable advice and guidance and I deem it a duty to express my sincere feelings of gratitude for the interest taken by him in the welfare of this State.

CHAPTER II.

Administration of Land.

4. The Bhagbatai system still mostly prevails in the State and under this system, the cultivators pay to the State about half a rupee per Bavta (which equals 5 Bighas) in addition to a sixth share of the produce in kind.

5. The cultivators of the villages are still under the impression that the Bhagbatai system is more suitable to them as their sole dependence is on the monsoon crops but looking to fixity and simplification of Vahivat and to the impetus it would give to cultivators to improve the fields and to work hard, the Vighoti system seems to be on the whole preferable to the Bhagbatai system. Efforts are being made to introduce the Vighoti system, and to pave the way for the same, a survey of the fields is being made since the last two years. The Vighoti system has been applied by this time to all the fields under the Kasba (town population) of Tharad and the village Abhepura.

6. As the rainfall in the year was neither timely nor sufficient the year proved to be one of scarcity and the land revenues amounted to only about 4 annas in a rupee. As there was sufficient stock of grain and fodder with the cultivators, their condition remained generally fair.

CHAPTER III.

Protection.

7. The civil and criminal laws in force in British India are generally followed in this State. 17 sawars and 47 footmen were maintained in the year under report as against the same number in the preceding

year. The sawars are armed with rifles, swords and lances, and the footmen with rifles and bayonets. They are supplied with cotton as well as woollen uniform dress from the police dress fund. The cost of maintaining the police was Rs. 8346 as against the same amount in the preceding year.

8. The said regular police is assisted by the village police maintained from the village police fund. For each group of 5 or 6 villages one village police Patel is engaged and for each village, from 2 to 4 Chokiats are kept according to population. The Chokiats perform the duties of watching the villages at night and they and the police Patels give necessary assistance to the regular police in the work of detection and prevention of crimes. The police Patels keep registers of arms as well as of births and deaths.

9. *Training of the Police* :—Out of 64 of the regular police, 18 men know how to read and write. They all receive training and exercise in drill and marksmanship. On a reference to appendices V and VI it will be seen that the working of the police was satisfactory. The number of offences reported to the police in the year under report was 69 against 73 in the preceding year; and the number of persons arrested was 71 against 72 in the preceding year. The percentage of persons convicted to persons arrested was 73·2 against 42·7 in the preceding year (Vide App. V). The amount of stolen property was Rs. 5365-3-0 against Rs. 2836-9-0 in the preceding year and the percentage of stolen property to that recovered was 59·9 as against 63·2 in the preceding year, the amount of property recovered being 3185-12-3 in the year under report as against 1787-2-3 in the preceding year.

10. *Criminal Justice* :—The State Sirnyayadhis or the District Magistrate exercised the powers of a District Magistrate in all the villages under the State. The Morvada and Tarva Tehsildars and the Talukdar of Bhorol exercised the powers of a 3rd Class Magistrate within their respective circles. Appeals against their decisions were heard by the Huzur Court of the State.

11. The total number of criminal cases which came on the files of all the above mentioned Courts during the year under report including the balances of the previous year, was 108 against 146 in the preceding year, out of which cases were decided in the year under report leaving cases in balance at the end of the year. The total number of criminal appeals filed in the year under report was one and the same was decided during the year under report.

12. The State Sir Nayayadhish exercises all the original Civil powers of the State which extends to the hearing of suits upto the value of Rs. 10,000/. The Tehsildars of Morwada and Taruwa and the Talukdar

of Bhorole hear suits upto the value of Rs. 250/- in their respective circles. Appeals against the decisions of these Courts are heard by the Huzur Court.

13. The total number of Civil cases filed during the year under report including those left in balance at the end of the preceding year was 163 as against 278 in the preceding year, out of which sixty-three were decided, leaving 100 in balance at the close of the year, as against 60 left in balance at the end of the preceding year. The average duration of the suits was 3 months and 4 days as against 2 months and 9 days in the preceding year. The total value of suits filed amounted to Rs. 31350-14-3 as against Rs. 27512-11-9 in the preceding year (Vide App. X).

14. There were 40 applications for execution of decrees in balance at the beginning of the year, and 57 new applications were filed during the year under report, as against 266 in the preceding year. Out of these 72 were disposed of during the year under report leaving 25 in balance at the end of the year (Vide App. XI). The total number of Civil appeals filed during the year, including those left in balance, was 27. Looking to the convenience of parties and for other reasons consequent upon the year being one of scarcity, the appellate work was kept in abeyance. The arrear is not much and will now be soon disposed of.

15. *Extradition*—Reciprocity was duly observed in matters of extradition.

16. *Prisons*—There is one jail at Tharad and 3 lockups at Morwada, Tarwa and Bhorole, one at each place. The number of prisoners remaining in the Jail and the lock-ups at the end of 1910-11 was 8, and 49 prisoners were admitted in the year under report. The daily average of prisoners was $9\frac{3}{4}$ as against $8\frac{1}{3}$ in the preceding year. The total cost of feeding the prisoners was Rs. 355-10-1, exclusively of the maintenance charges of the State prisoners who are undergoing punishment in the Andamans and the Lunatic Asylum at Ahmedabad. The health of the prisoners remained good (Vide App. XIII).

17. *Registration*:—The total number of documents registered was 18 against 13 in the preceding year. The total value of the documents registered was Rs. 7540-4-0 as against Rs. 4709-0-0 in the preceding year. Of the documents registered 13 were mortgage deeds, 3 sale deeds and 2 miscellaneous documents (Vide Appendices XII and XV).

CHAPTER IV.

Production and Distribution.

18. *Weather and crops showing rainfall*:—The total amount of rainfall was 4 inches and 90 cents as against 16 inches and 22 cents in the preceding year (Vide App. XVII). The rainfall was untimely and and too little for the production of monsoon crops and the cultivators were obliged to raise crops by irrigation. The outturn of crops on the whole amounted to about 4 annas in a rupee as against 10 annas in the preceding year and the year was therefore one of scarcity.

19. *Prices of food-grains-wages and labour*:—The prices of food grains (App. XVIII) were about 50 per cent higher than the normal. The earnings of unskilled labourers were about two annas and a half per diem.

20. *Trade*:—The chief exports, are Grain, Ghee, wool, hide and bullocks and the chief imports are sugar, treacle, spices and piecegoods. Trade remained in a normal condition.

21. *Post Offices*:—There are two branch post offices within the limits of this State, one at Tharad and the other at Morwada.

22. *General condition of the State and people*:—Though the monsoon crops mostly failed in the year under report, the merchants and cultivators had a good storage of grain and grass and they were generally well able to pull through this year of scarcity without much difficulty. The condition of the people, though affected by scarcity, remained generally fair.

23. *Public health*:—Public health was good. The birth rate per thousand was 31·9 as against 28·3 in the preceding year, and the death rate was 13·2 as against 14·7 in the preceding year. The registers of births and deaths are properly kept by the Police Patels, and the system of keeping the registers is well regulated and duly supervised.

24. *Agricultural stock*—Agricultural stock remained in a good condition, and there was no disease among them during the year. The numbers of bullocks, cows and she buffaloes, registered in the cattle census of the year under report amounted to 12360, 9831 and 7232 as against 12538, 11315 and 7896 respectively in the preceding year.

CHAPTER V.

Revenue and Finance.

25. The year under report was one of scarcity as the monsoon crops mostly failed owing to want of rain. The land revenue as well as other incomes were much affected and were much below the average. The land revenue income was only Rs. 9723-5-7 as against Rs. 26553-4-6 in the preceding year.

26. The total grass revenue of the State, exclusively of that of the Jagir Jivai and Inami villages was Rs. 42687-15-5 as against Rs. 71722-11-1 in the preceding year.

27. The total expenditure of the year was Rs. 50828-12-8 as against Rs. 59944-11-11 in the preceding year.

28. As the year proved to be one of scarcity, the State was obliged to borrow a loan of Rs. 45000/ from Government for administrative purposes and for advancing loans to subordinate Jagirdars and giving tagavi to cultivators. Out of the amount so borrowed Rs. 10,000/ only were utilized for administrative purposes, and the rest of the administrative charges were met with from the year's income. This will show that the State has been able to carry on well even in a such a year of scarcity and that its financial arrangements are satisfactory.

29. In the year preceding the year under report though the outturn of crops was not quite satisfactory the State was able to repay Rs. 15000/ towards Government debt besides incurring special expenses on account of the late Chief's illness and demise. The rainfall in the current year has, till now, been timely and sufficient in this State, and it is hoped that the year will turn out to be a good one and that the State will be able to repay towards Government debt an amount larger than that borrowed in the year under report for administrative purposes, and that a great portion of the amount borrowed for advancing loans to Jagirdars, and giving tagavi to cultivators, will also be recovered from them and repaid. Thus it is expected that the debt borrowed in this year of scarcity will soon be repaid and that it will not much affect the financial condition of the State.

CHAPTER VI.

30. *Medical Department*:—There is one dispensary in the State called the Tharad Victoria Jubilee Dispensary. The total number of patients treated during the year under report was 1294 as against 1409 in the preceding year (Vide App. XXIII).

31. The total number of births in the year under report was 1744 as against 1549 in the preceding year, and the total number of deaths was 724 as against 804 in the preceding year (App. XXIV).

32. *Education*:—There is a vernacular school and a girl school at Tharad; and there are 5 other schools at Morwada, Uchosan, Bhorole, Dooa and Madka. The total number of boys, attending the schools, was 317 against 301 in the preceding year, and the average daily attendance was 228 · 6 in the year under report as against 203 · 5 in the preceding year.

CHAPTER VII.

Miscellaneous.

33. *Conclusion*:—The crops during the year under report almost failed, and the outturn was below the normal in the preceding four years and so the income of the State has suffered much during these years. Inspite of this a substantial decrease in the debt was made in the preceding four years and as has been shown above the administration was carried on in the year under report without adding much to the liability of the State. The people have learnt a good lesson from the hardship suffered in the previous famines, and as the stock of grain and grass was good in the State, all classes were on the whole well able to pull on through a year of scarcity.

Tharad,
13 July 1912.

KARBHARI OF THARAD.

I have the honor to be

SIR,

Your most obedient servant

Deobatsingh
CHIEF OF THARAD.

APPENDIX XXV.

Particulars as to the schools maintained by the Tharad State, for the year 1911-12.

[illegible]

From,

The Thakore of Tharad.

To,

Col. J. W. B. Merewether,

Political Agent, Palanpur.

SIR,

I have the honour to submit the Annual Administration Report of my State for the year ending 31st March 1913.

CHAPTER I.

General and Political—The area of the State is 940 square miles and its population according to the last census is 54,711 souls.

GROSS REVENUE Rs. 80,000.

I have three sons (1) Bhimsingji, (2) Keshrisingji and (3) Bhagvat-singji. The eldest Bhimsingji is studying in the Rajkumar College at Rajkote, while the younger Keshrisingji has joined the Scott College at Sadra, the headquarter of the Mahi Kantha Agency. The youngest Bhagvatsingji is only three years old.

2. Lt. Colonel J. W. B. Merewether accompanied by Captain A. W. T. Webb paid a visit to this place during their winter tour in the beginning of February last, when in addition to the visits to the hospital and the vernacular schools for boys and girls, the foundation stone of the "Galbibai Anglo-Vernacular School", for boys, was laid by the auspicious hands of Colonel Merewether.

3. Mr. Mohanlal Pitambar Mehta, B. A., L. L. B. of the Bombay University was Karbhari of the State upto the 29th August 1912, on which date the sad event of his untimely death took place through failure of the heart's action; and the Political Agent was pleased to approve my selection, to fill up the vacancy, of Mr. Purushotamrai Bhawanishanker Vyas, who uptill that period had worked with zeal, integrity and honesty as my State Sir Nyayadhish and had also given me entire satisfaction as officiating Karbhari during the absence of Mr. Mohanlal for nearly five months on account of sickness, the previous year. To fill up the vacancy caused by the promotion of Mr. Purushotamrai I requested for the loan of the services of Mr. Chamanlal Harivalabhdas Parikh, Thandar of Kankrej. My request being granted Mr. Chamanlal arrived here on 2nd January 1913. The work of the State Sir Nyayadhish during the interval was performed by my Personal Assistant Mr. Kalianrai Mahipatrai Oza.

4. At my request an extra expense of Rs. 400 was sanctioned to engage the services of a capable man to dispose of the appeals which were pending in my Huzur Court and Mr. Dharamchand Chelji Kothari of Palanpur, formerly Karbhari of this State and also Karbhari and Manager of the Wao State was engaged for the purpose; but at your suggestion he was given charge of the Sir Nyayadhish office and Mr. Chamanlal, the newly appointed Sir Nyayadhish was entrusted the work of deciding the appeals. This work being completed Mr. Dharamchand's services have been dispensed with from the 31st March 1913 Mr. Chamanlal relieving him.

CHAPTER II.

Land Administration.

5. Bhagbatai system still prevails in the State except in Tharad itself and Abhepara as State's right in the land, wherein the cultivators have to pay half a rupee per each Bavta (five Bighas) of land in addition to a sixth share of the produce in kind.

6. The Vighoti system was applied to all the fields of the Tharad town and the village Abhepara. This system is working well. With a view to introduce this system in all the Khalsa villages of this State, a regular revenue survey of these villages by surveyors is commenced; but the leading cultivators of these villages are still under the impression that the Bhagbatai system is more preferable and consequently they do not favour this project, more so because the survey will expose the encroachments which some of their members have made on extensive scales on the neighbouring waste lands, thereby requiring them to pay the States dues for the land actually in their possession. The outturn of crops during the year under report was 10 annas in a rupee. The condition of the agricultural classes in general continues to be fair.

CHAPTER III.

Legislation.

7. The civil and criminal laws in force in British India are generally followed here.

8. *Police.*—17 sowars and 47 footmen were maintained in the year under report as against the same number in the preceding year. The sowars are armed with rifles, swords and lances while the footmen are armed with rifles, and bayonets. Cotton as well as woollen uniform dress is supplied to them from the police dress fund. The total cost of maintaining the police during the year under report was Rs. 8207-1-11 as against Rs. 8346 last year.

9. *Village Police*—The above mentioned regular police is assisted in its work by the village police maintained from the village police fund. It consists of a village police patel for a group of 5 to 10 villages and from 2 to 4 chokiats according to population. The chokiats perform the duties of watching their respective villages at night and with the assistance of the police patel of their group, in the work of prevention and detection of various crimes. These police patels also keep registers of births and deaths in the villages in their charge.

10. *Training the Police*—Out of 64 of the regular police 23 men know how to read and write. They all receive training and exercise in drill and marksmanship under a retired military reservist.

11. A reference to Appendices V and VI will show that the work of the police was satisfactory during the year under report.

The number of offences reported to the police during the year under report was 125 against 69 in the preceding year. The number of persons arrested was 102 against 71 in the year preceding. The percentage of persons convicted to persons arrested was 73·5 against 73·2 in the preceding year (Vide App. V). The amount of stolen property was Rs. 6689-8-9 against Rs. 5365-3-0 in the preceding year and the percentage of property recovered to that stolen was 75·3 as against 59·8 in the preceding year.

12. *Criminal Justice*—The State Sir Nyayadhish or the District Magistrate exercised the powers of a District Magistrate in all the villages of the State. In order to reorganize the Judicial machinery of the State a new court with the powers of a second class Magistrate was opened in Tharad itself and my Personal Assistant was entrusted with the work of that office. This lessened the work of the State Sir Nyayadhish to a palpable extent who in consequence was entrusted with the work of hearing appeals over the decisions of the 2nd class Magistrate, the Tehsildars of Morwada and Tarva and the Bhorole Talukdar; the 2nd appeal wherever admissible being heard by the State Huzur Court. The Tehsildars of Morwada and Tarva as well as the Bhorole Talukdar exercised the powers of a 3rd Class Magistrate within their respective circles, the powers of the Bhorole Talukdar being enhanced to that of a 2nd Class Magistrate when the Talukdar was found deserving the same.

13. The total number of criminal cases which came on the files of all the above mentioned courts during the year under report including the balances of the previous year was 176 against 108 in the preceding year out of which 169 cases were decided in the year under report leaving 7 cases in balance at the end of the year. The total number of criminal appeals filed during the year under report was 15 out of which 13 were decided during the year under report.

14. *Civil Justice*—The State Sir Nyayadhish exercises the full original civil powers of the State which extend to the hearing of suits up to the value of Rs. 10,000. The Tehsildars of Morvada, Tarva and the Bhorole Talukdar heard suits upto the value of Rs. 250 in their respective circles, but the powers of the Bhorole Talukdar were enhanced to the value of Rs. 500 when he was found qualified to exercise the same, while a new court to hear suits up to the value of Rs. 500 was opened in Tharad, the work being entrusted to my Personal Assistant in addition to his other duties. In order to counterbalance the decreased work of the State Sir Nyayadhish Court, consequent upon the opening of the above new court as also on account of the increase in the powers of Bhorole Talukdar, it was arranged that the State Sir Nyayadhish should hear appeals against the decisions of all the above mentioned courts, their second appeal wherever admissible, being heard by the State Huzur Court.

15. The total number of civil cases filed during the year under report including those left in balance at the end of the preceding year was 396 against 163 in the preceding year, out of which 284 were decided during the year under report leaving 112 in balance at the close of the year as against 100 left in balance at the end of the preceding year. The total value of suits filed amounted to Rs. 18532-14-3 as against Rs. 31350-14-3 in the preceding year (vide App. X.)

16. There were 25 applications for execution of decrees in balance in the beginning of the year and 263 new applications were filed during the year under report, against 57 in the year before. Out of these, 212 were disposed of, during the year under report leaving 76 in balance at the close of the year (vide App. XI.).

17. The total number of civil appeals filed during the year, including those left in balance from the previous year was 52. Out of this 46 were disposed of during the year leaving 6 in balance at the close of the year.

18. *Extradition* :—Reciprocity was duly observed in matters of extradition.

19. *Prisons* :—There is one jail at Tharad and 3 lockups at Morvada, Tarva and Bhorole, one at each place. The number of prisoners in the jail and the lockups at the end of 1911-12 was 8 and 85 prisoners were admitted during the year under report. The daily average of prisoners was $16\frac{2}{3}$ against $9\frac{2}{3}$ in the previous year. The total cost of feeding the prisoners was Rs. 765-3-7 exclusive of the maintenance charges of State prisoners undergoing punishment in the Andamans and the Lunatic Asylum at Ahmedabad. The health of the prisoners during the year remained good (vide App. XIII).

20. *Registration*.—The total number of documents registered was 10 against 18 in the preceding year. The total value of the documents so registered was Rs. 4288-0-0 as against Rs. 7540-4-0 in the preceding year. Of the documents registered 4 were mortgage deeds, 4 sale deeds and 2 miscellaneous documents (Vide Appendices XIV and XV).

CHAPTER IV.

Production and Distribution.

21. *Weather, crops and rainfall*.—The total amount of rainfall was 22 inches and 74 cents as against 4 inches and 90 cents in the preceding year (Vide App. XVII). The rains though sufficient for the crops were not properly distributed over the whole season and the continuous fall during the middle prevented the clearing of weeds which hampered the healthy growth of the crops and this as well as the production of destructive insects, were causes for the poor outturn of crops. As the cultivators were engaged in harvesting and clearing monsoon crops, they have not raised any crops during the winter by irrigation.

22. *Prices of food grains—Wages and labour*.—The prices of food grains (App. XVIII) were about 20 percent higher than the normal. The earnings of unskilled labourers were about 2 annas per diem.

Trade—The chief articles of export were grain, ghee, wool and hide and bullocks, and the chief articles of import were sugar, treacle, spices and piece-goods. Trade was in a normal condition.

23. *Post Offices*.—There are 2 branch post offices within the limits of this State, one at Tharad and the other at Morwada. As there is no telegraph office in this district within a radius of nearly 35 miles the opening of a combined post office and telegraph office in this town which is the centre of trade of this part would be advantageous to the whole district without much additional expense to that department.

24. *General condition of the State and people*.—Though the outturn has not been a good one, the outturn of only Bajri has been good and the people have been able to maintain thereupon. Thus the year though not a normal one, is such as not to require outside assistance for ordinary purposes. The condition of the people was generally fair throughout the year.

25. *Public health*.—Public health was good. The birth-rate per thousand was 18.3 as against 31.9 in the preceding year and the death-rate per thousand was 14.3 as against 18.2 in the preceding year. The registers of births and deaths are properly kept by the police patels, and the system of keeping the registers is well regulated and duly supervised.

26. *Agricultural stock*:—The agricultural stock was in good condition and there was no disease among them during the year. The numbers of bullocks, cows and she buffaloes registered in the cattle census for the year under report amounted to 12,590-9,308 and 7,525 as against 12,360, 9,831 and 7,232 respectively in the preceding year.

CHAPTER V.

Revenue and Finance.

27. The outturn of the year was indifferent and the land revenue was affected to some extent by it. The land revenue was Rs. 38,107-10-4 as against Rs. 9,723-5-7 in the preceding year.

28. The total gross revenue of the State exclusively of that of the Jagir, Jivai and Inami villages was Rs. 67,928-8-10 as against Rs. 42,687-15-5 in the preceding year, and the total expenditure during the year was Rs. 57,803-6-6 as against Rs. 50,828-12-8 in the preceding year.

29. As the preceding year was one of scarcity, in order to advance loans to Jagirdars and Tagavi to cultivators as also for administrative purposes, the State had to borrow Rs. 15000 as loan from Government in addition to the amounts drawn already during the last year. Out of the total amount thus borrowed the State had repaid to Government Rs. 21000 during the year. It will be thus seen that, provided the years following prove to be normal ones, the State will be able to repay the whole outstanding amount of Government debt within a measurable period.

CHAPTER VI.

30. *Medical Department*:—There is one dispensary in the State at Tharad itself, called the Victoria Jubilee Dispensary. The total number of patients treated in it during the year under report was 1284 as against 1294 in the preceding year (vide App. XXIII.)

The total number of births registered during the year under report was 1013 as against 1744 during the year preceding it, and the total number of deaths was 783 as against 724 in the preceding year (App. XXIV.)

Education:—There is a Vernacular School and a Girl School in Tharad and there are 5 other schools, viz., at Morwada, Uchosan, Bhorole, Dooa and Madka. The total number of boys attending these schools was 297 as against 317 in the preceding year and the average daily attendance of the boys was 215 in the year under report against 228.6 in the preceding year.

31. A charitably disposed widow, daughter of a respectable Bania of this town, having expressed her desire to give a donation of Rs. 5000 for opening an Anglo-Vernacular School here, the foundation of its building was laid by you during your visit in February last. The School is named "Galbibai Anglo-Vernacular School". An experienced hand has been engaged as Head Master of this school on Rs. 30 and the school is opened with a beginning of 22 boys which augurs well for its future career. The erection of a building for this school is already commenced and will likely be completed shortly.

CHAPTER VII.

32. *Conclusion*.—In order to ascertain the extant of land in the possession of each cultivator and then to introduce the Bighoti system in cash instead of the present system of recovering the State's right by recovering the Nerva at the rate of half a rupee per Bavta and sixth share from their estimated crop in kind, the work of surveying the land of 2 villages is taken in hand and in order to complete the work within a shorter time it is intended to engage the services of other surveyors also. The work when completed will smooth the way for the ascertaining of the State's due which will then be fixed at certain permanent amount and remove the uncertainty due to varying estimates and the fluctuation of rates. When the survey work is completed and the extent of land in the possession of each cultivator is definitely known, I intend to grant the right of occupancy to these cultivators in order to remove the instability of their occupancy and thereby to create some interest in them for the land in their possession and thus encourage them to sink wells on them and make improvements in the mode of cultivation &c.

33. Railway employees of the P. W. D. had come over from Deesa to here relining the earthwork and erecting masonry pillars all over the line. It was thereby expected that the work will soon be commenced. The general traffic of this district as well as the fact that the line even if opened upto this town would link the surrounding districts of Marwar and other provinces, it is requested that the Political Agent will kindly make necessary movements to expedite the construction which would also remove the difficulties of conveyance of cereals, grass &c. during scarcity years to these outlying districts.

34. In order to provide against scarcity and bad year I have issued a notification creating a mutual cooperative credit society fund which requires each cultivator to subscribe annually one mana per kulsī of grain produced by him entitling such subscribers to obtain assistance from this fund whenever really needed.

35. People have also been induced to plant new trees on a particular date the State only reserving right to one anna per rupee in the fruit as also in the price realized by the sale of the tree when dry and in order to prevent the people from cutting down trees wantonly, punishment is laid down for doing so. Orders have also been issued to the general public to store grass as would last to each for at least two years.

36. A circular order is issued making it compulsory on every cultivator to sow cotton seeds in 2 bavta land per each Santi and another order is promulgated desiring cultivators to sink new wells and raise crops by irrigation promising assistance by way of Tagavi and other aid.

Tharad,

25th June 1913.

Pranabha
KARBHARI THARAD STATE.

I have the honour to be

SIR,

Your most obedient servant,

Lotasingi
THAKORE OF THARAD.

APPENDIX I.

Names of high officials in the Tharad State and Residency officials showing changes in personnel during the year 1912-13.

Name of Officer.	Appointment.	Period.		Remarks.
		From.	To.	
1 Mehta Mohanlal Pitamber, B. A. L. L. B.	Karbhari Tharad State.	11th May 1901.	29th August 1912.	Directly employed.

. FROM,

Thakore Shri Dolatsinhji.

THARAD STATE.

THE POLITICAL AGENT.

Palanpur.

SIR,

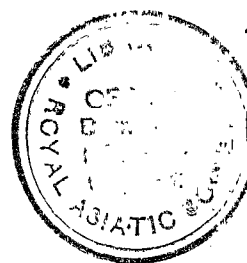

I have the honour to submit the annual Administration Report
of my State for the year ending 31st March 1914.

THARAD,
May 1914,

I have the honour to be,
Sir,
Your Most Obedient Servant.

Thakor Shri of Tharad.

Karbhari, Tharad State.

ADMINISTRATION REPORT

of the

THARAD STATE

FOR THE YEAR 1913 - 1914.

CHAPTER I

GENERAL and POLITICAL.

Area—940 Square Miles.

Population—54711 Souls (according to the latest census.)

Gross Revenue—Rs. 64487-6-5 (based on the average of last 5 years.)

I have 3 sons. The eldest Kumar Shri Bhimsinhji, the heir-apparent now aged 14 years, is studying at the Rajkumar College Rajkot. My second son, Kumar Shri Kesharisinhji aged 12 years, is studying at the Scott College Sadra. The youngest Kumar Shri Bhagvatsinhji is 6 years old.

I have at present three Thakranies. One Vijhanvalan, mother of the heir-apparent, is of the Jadeja clan of Rajputs of Vijhan under Cutch. The second is Lakadiavalan, mother of Kumar Shri Kesharisinhji, belongs to the family of the same clan of Rajputs of Lakadia under Cutch. The third is Sodhi of Khanpur, coming from the Sodhaclan of Rajputs of Khanpur, a village under this State.

2. Lieutenant Colonel J. W. B. Merewether accompanied by Captain A. W. T. Webb paid a visit to this place during their winter tour in the third week of January last, when in addition to the visits to the hospital and vernacular schools for boys and girls the opening ceremony of the building of the Galbibai Anglo-Vernacular School for boys was performed at the auspicious hands of Colonel Merewether, when the portraits of Bai Galbibai and Colonel Merewether, placed in the abovementioned school-building, were unveiled by Captain Webb. Bai Galbibai being present at the time, at her desire, prizes were

distributed by Colonel Merewether to the students of the Anglo Vernacular and vernacular schools, who were feted also by her on that day.

Mr. Mecnamara, Assistant Collector of Salt, Kharaghoda paid a visit to my capital in the 2nd week of February last and had stayed here for 4 days.

3. Mr. Purushottamrai Bhavanishanker Vyas was my Karbhari during the whole of the year. His services terminated on the 31st March 1914, and Mr. Viharibhai Trikambhai Patel Saberkantha Thaudar under the Mahikantha Agency was appointed Karbhari instead. He assumed charge of his new duties on the 1st of April 1914. Mr. Chimanlal Harivalabhdas Parikh worked as Sir-Nyayadhish for the whole year.

4. Mr. Bhagvandin Gangadin, Senior Daffedar of the Agency. Police was Risaldar of the State Police upto 30th September 1913. He retired on invalid pension from 1st October 1913 as he was not keeping good health of late. His place is not yet filled up.

CHAPTER II.

5. Bhagbatai system still prevails in the State except in Tharad itself and Abhepura, as State's right in the land, wherein the cultivators have to pay half a rupee per each bavta (5 bighas) of land in addition to a sixth share of the produce in kind.

6. The Vighoti System continues to be in force in Tharad town and Abhepura. This system is working well. In order to introduce this system in all the Khalsa villages of the State a regular revenue survey of these villages was commenced during the last year when the cultivators through evil advice began to throw various hitches. The rainy season coming on, the cultivators were persuaded to give up their unnecessary objections but the survey work was stopped on account of rains. Only one surveyor was with difficulty obtained and consequently the work is progressing very slowly. The outturn of crops during the year under report was 3 annas in a rupee as rats had damaged the crops to a very large extent. The cultivators of some of the villages had sown castor seeds which also were in some places eaten up by rats.

CHAPTER III.

LEGISLATION.

7. The civil and criminal laws in force in British India are generally followed here.

8. 17 sowars and 42 footmen were maintained during the year
Police: under report as against 17 sowars and 47 foot-men during the year preceeding.

The sowars are armed with rifles, swords and lances, while the footmen are armed with rifles and bayonets. Cotton and woollen uniform is supplied to them from the police dress fund, the deficit being met from the state revenues. The total cost of maintaining the police during the year under report was Rs. 7626 as against Rs. 8207 last year.

9. The abovementioned regular police is assisted in its work by the village police entertained from the Village
Village Police. Police Fund revenues. One Police Patel is engaged for each group of from 5 to 10 villages and from 2 to 4 Chokiats for every village according to population. The chokiats watch their respective villages at night and with the assistance of the Police Patel of their circle perform the duties of preventing and detecting crimes. The Police Patels keep registers of births and deaths for the villages in their respective charges.

10. Out of 59 men of the regular police 30 men know how to read and write. They all receive training
Training of the Police. and exercise in drill and marksmanship under a retired military reservist.

11. A reference to Appendices V and VI will show that the police have performed their work satisfactorily. The number of offences reported to the police during the year under report was 112 against 125 in the year preceeding. The number of persons convicted to persons arrested was 102 against 102 in the preceeding year. The percentage of person arrested was 80·20 against 75 in the preceeding year (Vide. App. V.) The amount of stolen property was Rs. 5544-8-6 against Rs. 6689-8-9 in the preceeding year and the percentage of property recovered to that stolen was 90 against 75·3 in the preceeding year.

12. The State Sir-Nyayadhish exercised the powers of a District Magistrate in all the villages of the State. *Criminal Justice.* The Personal Assistant and the Bhorole Talukdar exercised the powers of a Second Class Magistrate while the Morwada Tehsildar exercised the powers of a Third Class Magistrate.

13. The total number of criminal cases which came on the files of the abovementioned Magistrates during the year under report including the balances from the preceeding year was 160 against 176 in the year before: out of which 156 cases were decided during the year under report leaving 4 cases in balance at the end of the year. The total number of criminal appeals filed during the year under report was 9, all of which were decided during the year under report, out of which 1 was decided by the State Sir-Nyayadhish and 8 were decided by the State Huzur Court.

14. The State Sir-Nyayadhish exercises the full original civil powers of the State, and hears suits upto the value of Rs. 10,000. *Civil Justice.* The Huzur Personal Assistant and the Bhorole Talukdar entertain monetary suits upto the value of Rs. 500, while the Morwada Tehsildar hears monetary suits of the value of Rs. 250 within their respective circles. The Sir-Nyayadhish in addition to his original powers is also empowered to hear appeals over the decisions of the Personal Assistant, the Bhorole Talukdar and the Morwada Tehsildar, their second appeal being heard in the State Huzur Court.

15. The total number of civil cases filed during the year under report including those left in balance at the close of the preceeding year was 340 against 396 in the last year, out of which 255 were decided during the year under report leaving 85 in balance at the close of the year. The total value of suits filed amounted to Rs. 22,357-12-0 against Rs. 18,532-14-3 in the preceeding year. (Vide App. X.)

16. There were 76 applications for execution of decrees in balance at the commencement of the year under report while 230 new applications were filed during the year against 263 during the year before. Out of these 268 were disposed of during the year leaving 38 in balance at the close of the year. (

17. The total number of civil appeals filed during the year including those left in balance from the previous year was 33. Out of which 25 were disposed of during the year under report leaving 8 in balance at the close of the year. It will appear from App. XII that there were 5 in balance in the Huzur Court and 1 in the Court of the State Sir-Nyayadhish. Out of the 27 filed during the year 22 were filed in the Huzur Court and 5 in Court of the Sir-Nyayadhish while out of 25 disposed of 19 were by the Huzur Court and 6 by the Sir-Nyayadhish's Court. The 8 appeals remaining in balance are in the State Huzur Court.

18. *Extradition*—Reciprocity was duly observed in matters of extradition.

19. There is 1 jail at Tharad and 2 lockups at Morwada and Bhorole, one at each place. The number of prisoners in the jail and lockups at the end of 1912-13 was 20 and 107 prisoners were admitted during the year under report. The daily average of prisoners was $20\frac{3}{73}$ against $16\frac{3}{365}$ in the previous year. The total cost of feeding these prisoners was Rs. 637-1-10 exclusive of the maintenance charges of the prisoners of this State undergoing punishment in the Andamans and the Lunatic Asylum at Ahmedabad. The health of the prisoners during the year remained good. (Vide App. XIII).

20. The total number of documents registered was 40 against 10 in the preceeding year. The total value of documents registered was Rs. 15366 against Rs. 4288 in the preceeding year. Of the documents registered 30 were mortgage-deeds, 5 sale deeds and 5 money documents (Vide Apps. XIV and XV.)

CHAPTER IV.

PRODUCTION AND DISTRIBUTION.

21. The total amount of rainfall was 28 inches and 15 cents against 22 inches and 74 cents in the preceeding year (Vide App. XVII). The rains were sufficient, but not being properly distributed over the whole season was the cause of uneven outturn of crops which again in its turn was materially damaged by rats. A few of the cultivators in order to counterbalance the disaster sowed castor seeds which were also damaged by rats and antilopes. Thus the outturn was about 3 annas in a rupee except in the villages of the Morwada Taluka where the outturn was from 10 to 12 annas in a rupee.

22. The prices of food-grains (App. XVIII) were about 15 per cent higher than the normal. The earnings of unskilled labourers were about 2½ annas per diem.

23. The chief articles of export were grain, ghee, wool, hides and bullocks and the chief articles of import were sugar, treacle, species and piece-goods. Trade was in a normal condition.

24. There are 2 branch post offices within the limits of this State, one at Tharad and the other at Morwada, while there are Post Boxes at Madka and Bhorole served by rural post-men. The merchants of this town had submitted a representation for opening a combined post and telegraph office here as there is no telegraph office within a radius of 35 miles from here and the matter was referred to the Post Master General by the Political Agent. The Post Master General proposed that if the merchants of Tharad were prepared to guarantee an annual loss of about Rs. 538 for a period of 10 years, necessary arrangements would be made to open a line; but as the merchants declined to do so on the ground that they alone were not to reap the advantage and so they were not willing to accept the proposal. Thus the matter has for the present ended but the proposed connection of a railway from Deesa to Tharad which is expected not before long will remove this difficulty of the people.

25. The outturn of crops being poor the people had to utilize savings from the previous year for their consumption; but no outside assistance was needed to tide over the difficulty. The condition of the people was generally fair throughout the year. As there was good stock of grass the cattle were kept in good condition and as arrangements have been made that the people should stock grass to last at least for 2 years for their cattle, no difficulties will likely be experienced in future in this connection.

26. Public health was good. The birth-rate per thousand was 32.1 against 18.3 in the preceeding year. The registers of births and deaths are properly kept by the Police Patels and its working is regularly supervised.

27. The agricultural stock was in good condition. No disease had appeared during the year. The number of bullocks, cows and she buffaloes registered in cattle census for the year under report amounted to 15488, 24517 and 14821 as against 12590, 9308 and 7525 respectively in the preceding year.

CHAPTER V.

Revenue and Finance,

28. The outturn for the year was very poor and the land revenue was greatly affected by it. The land revenue was Rs. 19514-3-7 against Rs. 38107-10-4 during the preceeding year.

29. The total gross revenue of the State excluding those of the Jagir, Jivai and Inami villages was Rs. 54501-3-1 against Rs. 67928-8-10 for the preceeding year, while the total expenditure during the year was Rs. 58119-3-5 against Rs. 57803-6-6 for the previous year.

30. Though the preceeding year was an indifferent one there was a good stock of grain at its close which materially assisted in coping with the very poor outturn of crops due partly to some ill-feelings on the parts of cultivators who intended to emigrate as they did not relish the introduction of revenue survey, but mostly to the ravages caused by rats.

CHAPTER VI.

31. There was one dispensary in the State at Tharad itself called the Victoria Jubilee Dispensary. A new *Medical Department.* one was opened at Morwada about the end of January last as the people of that district were much inconvenienced for want of one, there being no dispensary within a radius of 20 miles from there. The total number of patients treated in them during the year under report was 1747 as against 1284 in the preceeding year (Vide App. XXIII). The total number of births registered during the year under report was 1755 as against 1013 during the preceeding year and the total number of deaths was 619 as against 783 in the year preceeding (App. XXIV.)

32. There is a vernacular school for boys and a girl-school at Tharad. The Galbibai Anglo-Vernacular School for *Education:* boys opened in Tharad last year has done its work fairly well. It was first recognised for the first standard only and has been recognised during the year under report upto the third standard. The building to accommodate the boys of this school whose foundation-stone was laid last year at the auspicious hands of Colonel J. W. B. Merewether being completed, it was opened by the same officer during his last winter tour.

CHAPTER VII.

33. As surveyors were not obtainable for the work of Revenue Survey of the Khalsa villages, the work is at a *Conclusion.* standstill. The cultivators also are not in favour of it and consequently it has not made much progress.

34. From the speeches made by His Excellency the Governor of Bombay at Palanpur and from those made by the Political Agent at Tharad and other places hopes are entertained for the speedy construction of a Railway from Deesa to Tharad which is expected to be very useful especially during times of famine and scarcity.

APPENDIX I.

Names of high officials in the Tharad State and Residency officials showing changes in personnel during the year 1913-14.

Name of Officer.	Appointment.	Period.		Remarks.

FROM,

Thakore Shri Dolatsinhji,
Tharad State.

TO,

The Political Agent,
Palanpur.

SIR,

I have the honour to submit the Annual Administration Report
of my State for the year ending 31st March 1915.

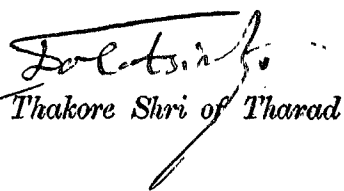

THARAD,
23rd June 1915. }

I have the honour to be
SIR

Your Most Obedient Servant

KARBHARI, THARAD STATE.

Thakore Shri of Tharad

ADMINISTRATION REPORT
OF THE
THARAD STATE
for the year 1914—1915.

CHAPTER I.

General and Political.

Area:—940 Square Miles. Population :—54711 Souls.

(according to the latest census).

Gross Revenue Rs. 68654-8-3.

(based on the average of last 5 years).

The Chief's full name is Dolatsinhji Abhesinhji. His age is 33 years and he is a Vaghela Rajput by caste belonging to a branch of the ancient Patan Vaghela family.

He has 3 sons. The eldest Kumar Shri Bhimsinhji, the heir apparent now aged 15 years, is studying at the Raj Kumar College Rajkote. His second son Kumar Shri Keshrisinhji aged 13 years is studying at the Scott College Sadra. The youngest Kumar Shri Bhagwatsinhji is 5 years old.

He has at present 3 Thakranis. One Vizanwalan, mother of the heir apparent and Kumar Shri Bhagwatsinhji is of the Jadeja clan of Rajputs of Vijhan under Cutch. The second is Lakdiawala, mother of Kumar Shri Keshrisinhji. She belongs to the family of the same clan of Rajputs of Lakdia under Cutch.

The third is Sodhiji of Khanpur coming from the Sodha clan of Rajputs of Khanpur a village under this State.

2. Major N. S. Coghill, Political Agent Palanpur paid a visit to this place during his winter tour in the third week of January last when a Darbar was held as usual. He visited the Victoria Jubilee Dispensary and the vernacular Schools for boys and girls and the Galbibai Anglo-Vernacular School and distributed prizes to the students of all the above

mentioned Schools. He expressed satisfaction at the work done in all the three schools.

Mr. A. S. V. Acott, the Assistant Political Agent visited this place in the month of March and stayed two days here and visited the institutions mentioned above.

Mr. C. Macnamara paid a flying visit to this place in the month of February.

3. Mr. Viharibhai Trikambhai Patel was the State Karbhari throughout the year. Mr. Chimanlal Harivalabhdas Parekh continued as Sir Nyayadhish for the whole year.

4. The services of Subedar Major Hyem Benjamin, a Military pensioner were engaged by this State as Superintendent of Police with effect from the 23rd April 1914.

5. The Chief during the year under report spent about three months at Mount Aboo and then on tour in Kathiawar for recovery of his health. He returned from the Kathiawar tour in the month of October last. Since then he remained in Tharad till the close of the year.

CHAPTER II.

6. Bhagbatai system still prevails in the State except in Tharad and Abhepura. As State's right in the land cultivators have to pay half a rupee per each bavta (5 bighas) of land in addition to a sixth share of the produce in kind. The people of other villages have been persuaded to agree to the introduction of the Vighoti system and most of them are now willing but still show a sense of dislike for the land being surveyed. The outturn of crops during the year under report was 10 annas in a rupee.

CHAPTER III.

Legislation.

7. The Civil and Criminal laws in force in British India are genearily followed here.

8. 16 Sowars and 45 footmen were maintained during the year under report as against 17 Sowars and 42 footmen during the preceding year.

Police.

The Sowars are armed with rifles, swords and lances while the footmen are armed with rifles and bayonets. Cotton and woollen uniforms are supplied to them.

9. The above mentioned regular Police is assisted in its work by the village Police entertained from the State village Fund receipts. One Police Patel is engaged for each group of 5 to 10 villages and from 2 to 4 Chokiats for every village according to population. The Chokiats watch their respective villages at night and with the assistance of the Police Patel of their circle perform the duties of preventing and detecting crime. The Police Patels keep registers of Births and Deaths of the villages in their respective charges.

10. Out of 61 men of the regular Police 25 men know how to read and write. They all receive training and exercise in drill and marksmanship under a retired military officer.

11. A reference to Appendices V and VI will show that the Police have performed their work satisfactorily. The number of offences reported to the Police during the year under report was 59 against 114 in the preceding year. The number of persons convicted to persons arrested was 55.4 against 80.20 in the preceding year (Vide App. V). The amount of stolen property was Rs. 3359-4-9 against Rs. 5544-8-6 in the preceding year and the percentage of property recovered to that of stolen was 55.10 against 90 in the preceding year.

12. The State Sir Nyayadhish exercised the powers of a District Magistrate in all the villages of the State. The State Criminal justice. Nyayadhish and the Bhorole Talukdar exercised the powers of a Second class Magistrate and the Morwada Tehsildar exercised the powers of a third class Magistrate.

13. The total number of criminal cases which came on the files of the above mentioned Criminal Courts during the year under report including the balances from the preceding year was 142 against 160 out of which 141 cases were decided during the year under report leaving 1 case in balance at the end of the year. The total number of criminal appeals filed during the year under report was 11 all of which were decided during the year under report out of which 4 were decided by the State Sir Nyayadhish and 7 were decided by the State Huzur Court.

14. The State Sir Nyayadhish exercises the full Original Civil powers of the State and hears suits upto the value of Rs. 10000. The Nyayadhish and the Bhorole Talukdar entertain monetary suits upto the value of Rs. 500 and the Morwada Tehsildar hears monetary suits upto the value of Rs. 250 within their respective circles. The Sir Nyayadhish in addition to his original Civil justice.

powers is also empowered to hear appeals over the decisions of the Nyayadhish, the Bhorole Talukdar and the Morwada Tehsildar, their second appeal being heard in the State Huzur Court and no appeal lies against the order of the Huzur Court.

15. The total number of civil cases filed during the year under report including those left in balance at the close of the preceding year was 355 against 340 in the last year out of which 300 were decided during the year under report leaving 55 in balance at the close of the year.

The total value of suits filed amounted to Rs. 12772-13-9 against Rs. 22370-12-0 in ^{the} preceding year (Vide App. X).

16. There were 38 applications for execution of decrees in balance at the commencement of the year under report and 318 new applications were filed during the year before against 230 during the year. Out of these 310 were disposed of during the year leaving 46 in balance at the close of the year.

17. The total number of Civil Appeals filed during the year including those left in balance from the previous year was 49, out of which 42 were disposed of during the year under report leaving 7 in balance at the close of the year. It will appear from App. XII that there were 8 in balance in the Huzur Court. Out of the 41 filed during the year 28 were filed in the Huzur Court and 13 in the Court of the Sir Nyayadhish. Out of 42 disposed of, 29 were by the Huzur Court and 13 by the Sir Nyayadhish's Court. The 7 appeals remaining in balance are in the State Huzur Court.

18. Reciprocity was duly observed in matters of extradition.

Extradition.

19. There is 1 Jail at Tharad and 2 lock-ups at Morwada and Bhorole one at each place. The number of prisoners in the Jail and lock-ups at the end of 1913-14 was 24 and 88 prisoners were admitted during the year under report. The daily average of prisoners was 13.64 against 20.04 in the previous year. The total cost of feeding these prisoners was Rs. 576-3-10 exclusive of the maintenance charges of the prisoners of this State undergoing punishment in the Andamans and Lunatic Asylum at Ahmedabad. The health of the prisoners during the year remained good (Vide App. XIII).

Prisons.

20. The total number of documents registered was 30 against 40 in the preceding year. The total value of documents registered was Rs. 11577 against Rs. 15366 in the preceding year. Of the documents registered 19 were mortgage deeds, 8 sale deeds, 1 money document and 2 miscellaneous documents (Vide App. XIV and XV).

Registration.

CHAPTER IV.

Production and Distribution.

21. The total amount of rainfall was 22 inches and 27 cents against 28 inches and 15 cents in the preceding year (Vide App. XVII). Though rain was sufficient it was not at the right time and the crops were somewhat damaged by insects. The outturn of crops was ten annas in a rupee.

Weather, Crops and Rainfall.

22. The prices of food grains (App. XVIII) were about 10 per cent higher than the normal. The earnings of unskilled labourers were about $2\frac{1}{2}$ annas per diem.

Prices of food grains. Wages and Labour.

23. The chief articles of export were grain, ghee, wool, hides and bullocks and the chief articles of import were sugar, treacle, spices, cloth and other piece-goods.

Trade.

24. There are 2 branch Post Offices within the limits of this State one at Tharad and the other at Morwada, while there are Post-boxes at Madka and Bhorole served by rural postmen.

Post Offices.

25. The outturn of crops being pretty good the condition of the people was generally fair throughout the year. As there was good stock of grass the cattle were kept in good condition and as arrangements have been made that the people should stock grass to last at least for 2 years for their cattle, no difficulties will likely be experienced in future in this connection.

General condition of the State and the people.

26. Public health was good. The birth-rate per thousand was 32.9 against 32.1 in the preceding year. The registers of births and deaths are properly kept by the Police Patels and its working is regularly supervised.

Public health.

27. The agricultural stock was in good condition. No disease appeared during the year. The number of bullocks, cows and she-buffaloes registered in cattle census for the year under report amounted to 16871, 28875, and 15666 as against 15428, 24517 and 14821 respectively in the preceding year.

Agricultural stock.

CHAPTER V.

28. The outturn for the year was good. The land revenue was Rs. 37496-7-3 against Rs. 19514-3-7 during the preceding year.

Land Revenue.

29. The total receipts of the State excluding those of the jagir, jivai and Inami villages was Rs. 85347-3-1 against Rs. 64798-7-6 for the preceding year. The total expenditure during the year was Rs. 82609-3-7 against Rs. 71588-0-5 during the previous year. At the close of the year the State had a Government loan debt of Rs. 85455-6-10. The Chief's private debt is not precisely known, but it will be ascertained during the course of this year.

30. The increase in receipts is due to better outturn of crop in the year of report than during the preceding year.

CHAPTER VI.

31. There are two State Dispensaries, one at Tharad called the Victoria Jubilee Dispensary and the other at Morwada. The total number of patients treated in them during the year under report was 1559 against 1747 in the preceding year (Vide App. XXIII). The total number of births registered during the year under report was 1858 as against 1755 during the preceding year and the total number of Deaths was 654 as against 619 in the year preceding (Vide App. XXIV).

32. There is an Anglo-Vernacular School called the Galbibai Anglo-Vernacular School, a vernacular school and a Girls' School at Tharad and there are five other schools at Morwada, Madka, Dua, Bhorole and Uchosan. The total number of boys attending the schools was 297 against 328 in the preceding year and the average daily attendance was 222 against 244 during the preceding year. Further information is given in Appendix XXV.

CHAPTER VII.

Miscellaneous.

33. The year under report was on the whole fairly good. The administration of the State was put in order and the figure of receipts was never so high during any of the preceding years. Besides the ordinary expenditure, good payments towards repayment of Government loan and private claims against the State were made during the year under report leaving a fair balance at its close.

V. T. Patel,
Karbhari, Tharad State.
